

ASSOCHAM/RD/ACCREDITATION - HOSPITAL/2011 - 12/ 10/10/2011

To,

- ASSOCHAM Southern Regional Council Members
- Hospitals of Southern India

**Re : Work Shop on “ Accreditation for Hospitals”
on Tuesday, 08th November, 2011 at 10:00 A.M.
at Hotel Monarch Luxur, Infantry Road, Bangalore.**

The Medical and Healthcare Sectors of South India in general & Karnataka in particular have made giant strides in providing quality and economical medical and healthcare services not only to the local citizens but also nationally and internationally. International wellness seekers are thronging Bangalore for obtaining globally acclaimed medical services.

I am happy to inform you that ASSOCHAM Southern Regional Chapter is organizing a Workshop on “Accreditation for Hospitals” in association with National Accreditation Board for Hospitals and Healthcare Services [NABH] and Quality Council of India [QCI] & ACME Consulting on Tuesday, 08th November, 2011 at 10:00 A.M. at Hotel Monarch Luxur , Infantry Road, Bangalore.

The objective of this Workshop is to educate hospitals at regional level about the NABH Accreditation, highlighting areas that most Hospitals are apprehensive about, i.e., the role of the Clinicians in the Accreditation Process and the Infrastructure and Regulatory requirements to be met. Once Hospitals understand these two critical requirements, the road to the NABH becomes that much easier.

We have assembled for you a team of very eminent and knowledgeable speakers on these subjects. They are Mr. B.G.Menon, Managing Director of ACME Consulting who will give you an overview of the NABH and on why it has become so essential for all Hospitals to get accredited, Dr B. Krishnamurthy, Senior NABH Assessor, an expert in the area of Facility Management and other Infrastructure requirements to be met for the NABH and Ms Antonia Puneetha, also a Senior NABH Assessor, an expert in the area of Clinical parameters to be met by the NABH.

While some of the best medical facilities are available in the State, yet obtaining Accreditation by Hospitals and Healthcare Service Providers is extremely tough. Therefore, in our opinion, such a Workshop, which has been planned quite meticulously, will go a long way in understanding and obtaining accreditation by the Hospitals in Karnataka.

In view of the extreme importance of the programme, we would appreciate if you could kindly nominate senior functionary(s) from your hospital for the programme.

PARTICIPATION FEES :-

Rs.1,000/- per participant is payable in advance to partly defray the cost of organizing the Seminar which includes refreshment, & course materials. Registration Form is attached herewith.

With kind regards,

Yours Sincerely,

D.V. Giri
Regional Director
